Our mission at Resilient Leaders Elements

RLE REBALANCE™

When the impact of uncertainty and crisis have taken their toll on your ability to lead yourself and others.

Personal leadership

About RLE

Motivated by the paralysing affect the London bombings had on the people involved, we began our work on resilience in leadership in the 1990s.

We distilled our experience to identify four essential Resilient Leaders Elements (RLE™): Clarity of Direction, Resilient Decision Making, Awareness and Leadership Presence.

This programme re-energises and helps you focus on the important things rather than what is most urgent. It helps you channel your emotions in a positive and purposeful way.
