

Making world-class leadership development available to all.

Our mission at Resilient Leaders Elements

RLE LEAD IN UNCERTAINTY™

Develop your capability to lead yourself and others, with a particular focus on leading in uncertain times.

Confident leadership

About RLE

Motivated by the paralysing affect the London bombings had on the people involved, we began our work on resilience in leadership in the 1990s.

We distilled our experience to identify four essential Resilient Leaders Elements (RLE™): Clarity of Direction, Resilient Decision Making, Awareness and Leadership Presence.

What you gain

Confidence and competence in your resilient leadership, in both cognitive and emotional factors

Knowledge of how to **lead yourself and others** through change and uncertainty

Understanding and application of the RLE™:

- **Clarity of Direction:** People know where they are going and why they are going there
- **Leadership Presence:** You have “presence” even when you’re not in the room
- **Awareness:** Everyone, including you, works at their best, resulting in higher productivity and motivation through challenging times
- **Resilient Decision Making:** You have the best chance of making good decisions when it really counts

Your commitment

- Participation in **six 90-minute online sessions** over three months with a group of 8-12 people
- Completion of work between sessions using the **online Resilient Leaders Development Programme (RLDP™)**
